

Nu-Energikä™

Ecological Floor Stripper

Description

Nu-Energikä™ is a concentrated ecological cleaner with a low odor and VOC rate. It quickly penetrates and emulsifies sealers and floor finish accumulations. **FOR PROFESSIONAL USE ONLY.**

Benefits

- Excellent fast-acting stripping power.
- Low odor, no ammonia and butoxyethanol.
- For all types of floor finishes (traditional and ecological).

Directions

Prepare the floor to be stripped. Spread **Nu-Energikä™** evenly across the floor. Let stand 5-10 minutes. Scrub with a low-speed buffer fitted with an appropriate pad. Clean up any remaining solution with a water vacuum or a clean mop. Rinse with water to neutralize.

Caution: InnuScience recommends not using **Nu-Energikä™** on linoleum floors. If in doubt, test on a small area before using it.

- Consult an InnuScience representative for more information on the dilutions, dosages or equipment to be used according to your needs.
- Consult a representative about our specialised training.

Dilutions

High accumulations	1 : 4	200 ml / L water
Average accumulations	1 : 8	110 ml / L water
