

Nu-Kleen Parts™

Degreaser for mechanical parts

Description

Nu-Kleen Parts™ is an aqueous industrial ecological degreaser with corrosion inhibitors. Designed to clean brakes and mechanical parts, it can also be used in cleaning fountains. **Nu-Kleen Parts™** is safe and helps to dislodge strong accumulations of oils, grease, light graffiti and many other types of soiling. **FOR PROFESSIONAL USE ONLY.**

Benefits

- Highly performant.
- Efficiently replaces solvent-based degreasers.
- Does not damage plastic and rubber.

pH 11,5

Directions

Cleaning Fountain: **1.** Fill the fountain tank with the **Nu-Kleen Parts™** undiluted. **2.** Spray and brush the parts using the multi-jet brush of the cleaning fountain. For stubborn accumulations, soak for a few minutes. **3.** Drain and let the pieces dry. **Bottle with sprayer:** **1.** Fill the bottle with **Nu-Kleen Parts™** undiluted. Spray on surfaces to be cleaned. For stubborn accumulations, allow to act. **2.** If necessary, wipe with a cloth or brush.

- Consult an InnuScience representative for more information on the dilutions, dosages or equipment to be used according to your needs.
- Consult a representative about our specialized training.
