

Nu-Vent™

Cleaner and Degreaser for Ventilation Ducts

Description

Nu-Vent™ is cleaner and degreaser for ventilation ducts. Concentrated bacterial formulation designed to eliminate odours and quickly biodegrade oil and grease accumulated in ventilation ducts above the cooking installations. **FOR PROFESSIONAL USE ONLY.**

Benefits

- Provides continuous maintenance of range hoods.
- Eliminates unpleasant odours and reduces the fire hazard.
- Keeps range hoods working effectively.

pH 7

Directions

Measure 125 ml per 2 m of ventilation duct, per nebulization cycle. For a first time use, it is best to begin the treatment with clean ventilation ducts.

- Consult an InnuScience representative for more information on the dilutions, dosages or equipment to be used according to your needs.
- Consult a representative about our specialized training.
